ORE aligns within the School of Medicine and collaborates with the MD and the dual degree MD/PhD Program (<http://catalog.ucdenver.edu/cu-anschutz/schools-colleges-programs/school-medicine/phd-programs/mstp-program/>).

Students in the Biomedical PhD programs receive the education and support to conduct innovative biomedical research. The PhD programs provide training in a wide variety of essential skills, including oral and written communication, leadership, and personal and professional integrity. The diverse, inclusive, and safe environment, fostered by the School of Medicine and Anschutz Medical Campus, supports the holistic training provided by our programs that prepares one for a wide range of career opportunities.
