

# GENERAL BUSINESS, BS IN BUSINESS ADMINISTRATION

---

## Introduction

Do you want to maximize the number of credits you can transfer from another university? Maybe you have a non-business associate degree, have taken a break from pursuing a degree, or are looking to graduate with a bachelor's degree as quickly as possible.

CU Denver's general business degree is well suited for business students who want to learn a holistic suite of skills and knowledge within their undergraduate studies but don't want a specific area of focus. This degree is a great fit for students who wish to combine a business major with a non-business minor. The general business major is also suitable for students pursuing a specialized master's degree in business. As a general business major, you are in the Business School with access to a wide range of business courses, events, and Business Career Connections to assist with career planning.

Please talk to your advisor and refer to this link (<https://business.ucdenver.edu/bsba/bsba-business-general/>) for more information.
